If you're planning to hit the slopes a few or more times in 2024, buying an IKON or EPIC pass – or even a mega ski pass that covers multiple resorts can unlock huge savings. Most of our 2024 trips use the IKON Pass except Heavenly. So come listen to our trip leader's present our lineup of trips, with some staying at ski-in/out or slope-side properties. These season passes won't get any cheaper than they are right now.

Popular trips are filling fast - limited openings - so don't delay - secure a reservation on one or more of our phenomenal trips!

Hot dog guy Troy, will be grilling (Small fee for Beer, Wine & Soda)
